

Our EDGEOPTIC 155M-SFP-15DI is a multi-vendor compatible OC ...

VistoTek 155M SFP module supports 20KM transmission over single-mode fiber. Industrial-grade design ensures stable, high-performance fiber communication for Ethernet networks.

We also have multi rate SFP modules from 155Mbps to 2.5Gbps. They meet industrial standards and are 100% compatible with Cisco or other brand devices. We provide a standard warranty of 3 years ...

By the end of this guide, you will be able to determine whether a 155M SFP is still the right choice for your network, and how to select a reliable, compatible module that meets both technical and ...

This industrial SFP transceiver delivers rugged superior reliability ...

With low power consumption and robust performance, this industrial-grade optical transceiver is ideal for Fast Ethernet, telecommunications, and data center applications.

155M SFP optical modules supporting STM-1 SDH transmission for telecom and legacy optical infrastructure.

RLH Industrial Small Form Factor Pluggable (SFP) Optical Transceivers are compatible with the Small Form Factor Pluggable Multi-Sourcing Agreement (MSA).

Our EDGEOPTIC 155M-SFP-15DI is a multi-vendor compatible OC-3/STM-1 SFP dual-fiber optical module designed for SONET/SDH and Fast Ethernet applications operating over single-mode fiber ...

155M SFP LR1 40km o Up to 155Mb/s bi-directional data links o Comply to SFP MSA o Built-in digital diagnostics functions

GIGALIGHT's 100M SFP series optical transceiver modules are extensively used in Fast Ethernet (100M Ethernet) and are compatible with Synchronous Optical Networks (SONET OC-3 / SDH STM-1), ...

This industrial SFP transceiver delivers rugged superior reliability and high performance for extreme industrial networking applications, such as industrial automation, the intelligent transportation system ...
