

ANC can rewire various types of bare fiber at customized length. This bare fiber optic cable spool is stable quality, fast delivery and price price.

AMPCOM's lab tested LC and SC connectors over 20km fiber optic cable links. Both LC and SC UPC connectors achieved insertion loss $\leq 0.15\text{dB}$ and return loss $\geq 50\text{dB}$ --well within single ...

The L-com FOACEXAVIUSB2FSMLC20 series is an USB to fiber optic converter for medical and commercial building applications, with wide temperature range between -10C to 60C and a LC ...

TRENDnet's single mode fiber SFP, model TEG-MGBS20, features a duplex LC fiber interface, supporting high-speed data rates for long distance networking applications (up to 20km).

SMF-28 fiber can be used in transmission of voice, data, and/or video services in situations including telephony, cable television, submarine, and utility network applications.

The Gigabit Ethernet media converter extends the distance of your network by interconnecting LAN devices that are physically separated by large distances, which provides you with a simple and very ...

FS compatible SFP+ transceiver supports up to 20km link lengths over single-mode fiber (SMF) via an LC duplex connector. This transceiver is compliant with SFF-8431 and SFF-8472 MSA standards.

The Converter is equipped with single fiber optic connectors (One for transmitting-TX and another for receiving-RX) and one RJ-45 Jack and one external pwer supply receptacle.

Every SFP-FE-3155-20KM module is environmentally tested in its specific port/platform, which includes compliance verification for distance, wavelength, traffic density and light.

The Converter is equipped with 2 single fiber optic connectors (One for ...

The Converter is equipped with 2 single fiber optic connectors (One for transmitting-TX and another for receiving-RX) and one RJ-45 Jack and one external pwer supply receptacle.

The L-com FOACEXAVIUSB2FSMLC20 series is an USB to fiber optic converter ...
