

Lasermate Group, Inc. is proud to offer laser modules with operating voltage at 24-28VDC.

Laser Diodes are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for Laser Diodes.

The LTC-A24 Series laser diode modules offer 24-28VDC operation with wavelengths from 635nm to 980nm. Featuring a circular beam, 70.5° compact housing, and adjustable focus, they are ideal for ...

Our vast selection of laser diodes includes both free-space & fiber-coupled outputs, like high-power Fiber-Coupled Multimode, high beam quality single mode, and narrow linewidth & wavelength ...

Compatible with all ACMER P3 laser machines.

The element e24i diode laser offers up to 180W output power from a 200 μm fiber. The diode laser maintains its unparalleled reliability and efficiency by coupling nLIGHT's high-brightness ...

Shop DigiKey's large in-stock selection of Laser Diodes, Modules. View inventory, pricing and order now for same day shipping!

We offer laser diode modules with free space or fiber coupled output for industrial and scientific applications. Please see our Laser Diode Module Guide for additional information.

The element e24i from nLIGHT Corporation is a Fiber-Coupled Semiconductor Laser Diode that operates at a wavelength of 878.6 nm. It delivers continuous wave output power of 230 W and has a ...

Product Summary: Laser Engraver-Desktop Diode 24W Output with Integrated Housing,Built-in Camera Module and Air Assist 48000mm/s,Laser Cutting and Engraving Machines ...

Product Summary: Laser Engraver-Desktop Diode 24W Output ...
