

33-core signal cable splice box

Furnished with four plugged cable ports (2 aluminum and 2 plastic) for either All-Dielectric Self-Supporting (ADSS) or Optical Ground Wire (OPGW) cables, the splice enclosure can be pre ...

Our fully equipped tool box contains not only the tools for preparation of the cable but also components required for a safe and efficient installation on-site.

DEA Inc. offers customizable splice boxes (junction boxes) up to 15kV. Features: 15kV rated bus insulated array for splice connections Cable strain relief flanges (2-4 per box) Sealed, gasketed, ...

Operate controls, stops, and lights from the palm of your hand in wet areas. An overhanging top keeps rain, snow, and sleet at bay. Look in without opening the cover and mount panels your way. Protect ...

Line Power's High Voltage Splice Boxes are designed to safely connect, splice, or extend high-voltage cables in demanding mining, tunneling, and industrial environments.

Eaton's dual-tension sleeves for ACSR develop full conductivity and 95% to 100% of the rated breaking strength of the conductor. The steel sleeve for the core is heavily plated for resistance to corrosion ...

Find reliable splice boxes for safe wire connections. Browse junction boxes with flame-retardant covers and quick installation options.

Splice boxes ensure continuously reliable real-time data transmission. With their compact and uniform design, the splice boxes for both the DIN rail and 19" mounting provide ample interior space for the ...

The kit provides a lightweight, compact, and environmentally sealed system for splicing extruded dielectric shielded power cables. The kit consists of heat-shrinkable tubing, molded parts, mastics, ...

3M electrical splices feature cold shrink technology, which is engineered for easy installation by unwinding the inner core. Reduce the time, labor and cost that comes with electrical cable splicing. ...
