

The SEL-2725 is an unmanaged five-port switch and copper-to-fiber media converter. Apply to build reliable, safe Ethernet networks in electrical substations, plants, and other mission critical sites.

We offer solutions that provide seamless transmission and conversion from Ethernet media to multimode or singlemode fiber. Our Ethernet network switches with fiber ports comes in managed or ...

Discover fiber switches designed for reliable network connectivity. Browse 10G, 2.5G, and gigabit options to expand your bandwidth.

Arc-Arrest[®]; switch-rated pin & sleeve: No arc flash, no live exposure. Just rugged, watertight power connections. Complete utility submetering solution for virtually any application. Measure, monitor and ...

F0401 series 5 Ports Desktop Fiber Switch provides four ports 100M fiber and one port 10/100M UTP, it's applicable to use in desktop Fast Ethernet networking. It is designed with Realtek RTL8305NB ...

Choose from our selection of fiber optic ethernet switches, including DIN-rail mount ethernet switches, light duty ethernet switches, and more. Same and Next Day Delivery.

Compact 5 port unmanaged Ethernet Switch for industrial automation. 4x RJ45 and 1x multimode (MM) fiber optic port with ST, SC or E2000 connector.

Narrow Ethernet switch, five RJ45 ports with 10/100 Mbps on all ports, automatic data transmission speed detection, autocrossing function, and QoS

The LevelOne FEU-0511 is a compact 5-port Fast Ethernet switch with an integrated media converter, designed to bridge copper and fiber networks in small offices, industrial sites and remote locations.

Narrow Ethernet switch, five RJ45 ports with 10/100 Mbps on all ports, automatic ...

The switch will connect to your modem and router combo and then offer you additional Ethernet ports. It is used within a wired network to connect devices to the internet using Ethernet cables.
