

Shop active optical cables from Pivotal Optics for data center & enterprise networks. AOC solutions from 10G to 400G SFP & QSFP. Lightweight, flexible cables!

Our All Active Optical Cables Collection provides a complete portfolio of AOC solutions from 10G to 400G, ensuring that your network is equipped with reliable, efficient, and future-ready connectivity.

Call, chat, email or meet for Active Optical Cable (AOC) connectivity support. Save up to 90% while improving deliverability & interoperability.

The SO-QSFPDD-AOCxxM-4 is an Active Optical Cable (AOC) solution for short-range multi-lane data communication and interconnect applications. The solution consists of two QSFP-DD transceivers ...

Thin and lightweight AOC cables simplify cable management, enabling an efficient system airflow, which is critical in high-density racks. It is used extensively in cloud and supercomputers due to its low cost, ...

400G QSFP-DD AOC - ActiveOpticalCable offers 400G QSFP56-DD active optical cables, which meets the needs of higher speed, greater scalability, better performance in data centers, storage ...

400G AOC Cables from JTOPTICS are Active Optical Cables that offer lightweight, flexible, and low-power connectivity. Designed for high-performance computing and networking environments, they ...

Designed to support data rates from 12G to 400G, AOCs integrate fiber-optic transceivers directly into the cable to provide faster transmission, longer reach, and improved signal ...

Lumentum's 400G QSFP-DD Active Optical Cable (AOC) provides high-speed, low-latency optical connectivity for short-reach interconnects in hyperscale and enterprise data centers.

High-speed Active Optical Cables (AOC) for data centers. 800G, 400G & 100G breakout cables. Lightweight, flexible fiber interconnects for distances up to 100m.
