

Advantech's PoE products are easy to install and deliver reliable remote power to your devices, thus offering an industrial-grade or an outdoor poe switch with a rugged housing for use in harsh ...

Advantech offers a wide range of Industrial Unmanaged Ethernet Switches for various network deployment requirements. Up to 40 different models provided, our comprehensive unmanaged ...

Advantech industrial communication solutions provide a full range of Ethernet switches and media converters to complete the edge access core and last mile client deployment.

We have been designing industrial hardware for Modbus and PROFINET to ethernet conversion for over 40 years. This expertise has been used to design the toughest Ethernet switches on the market.

These switches are designed to be affordable and easy to use, and take into account PROFINET priority transmission and VLAN segmentation, breaking the perception of traditional ...

Advantech's Unmanaged Industrial Ethernet Switches are truly plug-and-play. These Industrial Ethernet Switches are designed for use in demanding industrial environments, offering unmatched ...

Our switches are built for high network flexibility, cyber security and durability and are suitable for use in mission-critical environments.

Explore real-world cases showing how surveillance solutions solve industry challenges. On-premise and cloud-based VMS platforms for ...

Explore real-world cases showing how surveillance solutions solve industry challenges. On-premise and cloud-based VMS platforms for unified video management. Network cameras offering flexible options ...

Advantech EKI managed and unmanaged industrial switches provide simplicity, flexibility and security for industrial networks. Advantech "X-Ring" technology offers the fastest self-healing Ethernet ...

Advantech's industrial Ethernet switch solutions provide an abundance of options, including Gigabit Ethernet switches.
