

Please contact Optical Cable Corporation for a price quote and specifications for the Composite Fiber/Copper Cable design that meets all your special application requirements.

Discover APAR Gigavolt hybrid power and fibre cables that cut rollout time, simplify cable management and lower TCO for 5G, IoT and DAS networks.

CommScope bundles hybrid cabling to your custom specifications, using our high-performance fiber-optic, unshielded twisted pair and coaxial cables.

Some cable designs use a "slotted core" with up to 6 of these 144 fiber ribbon assemblies for 864 fibers in one cable! Since it's outside plant cable, it's gel-filled for water blocking.

SPECIFICATIONS & RATINGS Application Versatile indoor-outdoor plenum rated cable offers solutions for power and data for IP devices.

We offer a full array of hybrid cables, bidirectional, trunk cables, and jumpers to assist you with your macro and small cell deployments. Our broad product selection from the industry's top suppliers ...

H61213S36 Hybrid Cable 1-1/4", (6) pairs of 13.3 mm²; (6 AWG) power cables and (18) pairs of single mode fibers Product Specifications

One run of hybrid fiber supplies both data and power, saving time and labor cost! We currently offer hybrid fiber optic cable in a 6 strand construction, with two stranded conductors in either 14 or 16 ...

HYBRIFLEX Hybrid riser and jumper cables include any combination of power wires, optical fiber, and other cable types in a single lightweight and crush-resistant cable.

DuetConnect Hybrid Copper-Fiber Cables allow one cable to offer the advantages of DC power and fiber, safely delivering both over long distances to remote locations where standard power is ...
