

for applications requiring highest precision in combination with limited mounting space or for applications requiring the reliable detection of or customer specific fiber optic sensors, we take pride in working ...

We develop and manufacture robust and powerful, mostly fiber optic sensor solutions that offer greater robustness and more versatile application possibilities thanks to fiber optics.

OPTEX FA provides cost effective photoelectric sensors with fiber sensor.

A fiber optic sensor and two fiber optics made of plastic or glass fibers make up a fiber optic system. The sensor contains a light source (transmitter), typically an LED, and a photodiode (receiver).

Buy Fibre Optic Sensors. Farnell Austria offers fast quotes, same day dispatch, fast delivery, wide inventory, datasheets & technical support.

List of optical-fiber-sensor companies, manufacturers and suppliers near Austria

They consist of a two-part structure: flexible fiber optics made of plastic or glass and available in various lengths, and separate amplifiers with a wide range of evaluation options.

Discover all relevant Optical Sensor Manufacturers in Austria, including ams and Applied Sensor

Our experts will advise you on individual solutions with powerful and innovative optical sensors as well as optical fiber or fiber optic technology for your specific requirements.
