

ADSS Cables are designed with high strength aramid yarns that are distributed evenly over the core and provide high tensile strength in self-supporting applications. The cables are light in weight and used ...

ADSS is an alternative to OPGW and OPAC with lower installation cost. The cables are designed to be strong enough to allow lengths of up to 700 metres to be installed between support towers.

All-Dielectric Self-Supporting (ADSS) cable is designed for outside plant aerial and duct applications in local and campus network loop architectures. A separate messenger support wire hanging system is ...

Let TradeFord match your sourcing needs with suitable Adss Optical Fiber Cable suppliers, exporters and manufacturers. Just fill-out an RFQ form and start getting quotations only from suitable ...

Our main products are ADSS fiber cable, OPGW fiber optic cable, OPPC fiber optic cable, and aerial fiber optic cable accessories. We have a perfect quality management system, a high-quality technical ...

As its name indicates, there is no support or messenger wire required, so installation is achieved in a single pass, making ADSS an economical and simple means of building a fiber optic network.

ADSS fiber optic cable is a full-media self-contained fiber optic cable, all cable no metal, and can be connected to the transmission pole tower through pre-stranded gold, self-supporting overhead.

We are the first optical fiber cable OEM in Bangladesh with more than 15 years of experience. Famous worldwide companies and local telecom are our main customers.

Fiber cable has gained immense popularity in Bangladesh as it provides high-speed reliable data transfer, video streaming, voice communication, and other online services to homes, offices, and ...
