

Bundle-shaped tail fiber protective spring tube

Profiber's bundle pigtail provide high reliability and flexibility in different application. All bundle pigtail can be customized in cable length, color and connector types to met each customer requirement with ...

They consist of multiple small conduits (microducts) bundled together, designed to protect and guide fiber optic cables. Our bundles come in various sizes and configurations to suit diverse installation ...

Fill with water to protect dry gauges from steam and high-temperature liquids; also called pigtails. Wrap around drums, pails, and other containers to indirectly warm their contents. Strong, machinable, and ...

Reduce bulk with our dry-shrink tubing, provides quick and easy protection for wires, connectors, and terminals in dry indoor environments, offering insulation and abrasion resistance.

In case the hose is dropped from a height, the spring guards can protect the hose from crushing. To protect the hose from kinking when the hose is bended sharply in a confined space.

Designed to provide freeze protection and temperature maintenance, these tubing bundles are constructed with a small diameter tube or group of tubes encased in an insulated, weatherproof jacket.

Swagelok light steam-traced bundled tubing is typically used for freeze protection of instrument impulse lines and analyzer transport lines. It can also maintain temperatures in smaller- diameter process lines.

It provides an extra layer of protection against abrasion ensuring the longevity and integrity of the cables. It also improves organization of cable bundles, strain relief, and protection against tangling, making it ...

Thorlabs' Bifurcated Fiber Bundles, also known as fanout or Y-cables, are constructed from two high-grade optical fibers encased in stainless steel tubing for durability.

Tailored for rigorous industrial environments, the TubeTrace®; Type SE/ME bundles come with advanced tube engineering that offers enhanced reliability. Their design is rooted in maximizing ...
