

Ascent Optics" 200G QSFP56 DAC is a portfolio of passive Direct Attach Copper (DAC) cables as high-speed, cost-effective alternatives to fiber optics in 200G Ethernet applications. The 200G QSFP56 ...

These cable assemblies support aggregate data rates of 25, 50, 100, 200, 400 and 800 Gbps. We offer custom cabling solutions and corresponding pluggable I/O cages and connectors.

Elevate your data center and enterprise network performance with our 200G QSFP56 Direct Attach Cable (DAC). This passive copper cable delivers a robust 200Gbps data transfer rate, providing a ...

Ascent Optics" 200G QSFP56 DAC is a portfolio of passive Direct Attach Copper (DAC) cables as high-speed, cost-effective alternatives to fiber optics in 200G ...

Ascent"s QSFP56 passive copper cable assembly feature eight differential copper pairs,providing four data transmission channels at speeds up to 56Gbps(PAM4) per channel,and ...

High-speed I/O passive cable assemblies that can deliver data rates as high as 400 Gbps with a variety of lengths or customized options for greater design flexibility.

200G QSFP56 Direct Attach Copper (DAC) cable assemblies support 200 Gigabit Ethernet and InfiniBand HDR/HDR100 data rates.

It provides a QSFP56-to-QSFP56 copper direct-attach solution. 200G QSFP56 ...

Siemon"s 200G (50G per lane) PAM4 Ethernet or InfiniBand<sup>TM</sup> QSFP56 passive and active copper cable DAC1 assemblies are designed to exceed industry standard performance offering a cost ...

High-speed Volex Direct Attach Copper (DAC) cables deliver reliable, energy-efficient data transfer for data centers. Customizable, tested and ready to deploy.

It provides a QSFP56-to-QSFP56 copper direct-attach solution. 200G QSFP56 DAC cables are suitable for very short links and offer a cost-effective way to establish a 200-Gigabit link between QSFP-200G ...

The 200GE QSFP56 Cable Assembly is a high performance, cost efficient I/O solution for LAN, HPC and SAN with a 4-channel 50G aggregation rate.
