

Hengtong, in collaboration with China Unicom, has successfully deployed and begun operating China Unicom's first commercial hollow-core fiber optic cable line. This hollow-core fiber cable is now ...

China Unicom Group, one of China's major telecommunications operators, has revealed plans for the construction of a nearly 3,000-kilometer-long submarine optical fiber cable, which will ...

In 2014, China Unicom took the lead in launching the exploration of new types of optical fibre in the global industry, and promoted and participated in setting the ITU-T G.654E optical cable ...

Hengtong, in collaboration with China Unicom, has successfully deployed and begun operating China Unicom's first commercial hollow-core fiber optic cable line. This hollow-core fiber ...

In 2014, China Unicom took the lead in launching the exploration of new types of optical fibre in the global industry, and promoted and participated in setting the ITU-T G.654E optical cable standard.

As the forerunner of G.654 optical fiber, China Unicom has started live network trials in the primary and secondary backbone networks in Shandong and Xinjiang to assess its transmission performances ...

The construction of ADC submarine cable is of great milestone significance in the history of China Unicom's submarine cable construction. With the production of submarine cables, China ...

World's first carrier-class & ldquo;large-effectivearea fiber& rdquo; land optical cable project, in which Hengtong's ultra low-loss fiber (ITU-T standard code: G.654E) was involved, has been ...

Explore high-quality China Unicom fiber optic and network cables for reliable connectivity. Durable outdoor duct, aerial, and indoor solutions ideal for FTTH, 5G, and LAN applications. Bulk orders ...

December 23, 2024 - With the successful completion of the Asia Direct Cable (ADC) project, co-built by China Unicom, the company has achieved a groundbreaking milestone in global ...
