

Mouser offers inventory, pricing, & datasheets for Fiber Optic Sensors.

The sensor cable FOACAMPDR15 from L-Com is used in conjunction with fiber optic sensor amplifiers, the resulting optical sensor is well suited for use in manufacturing and other industrial applications ...

Coax proxy fiber standard - 2 mt m4x0,7mm. We are always wanting to provide more information! In need of a technical document? Let us know!

When it comes to Coaxial Fiber Optic Cable Fiber Optic Sensors, you can count on Grainger. Supplies and solutions for every industry, plus easy ordering, fast delivery and 24/7 customer support.

Our fibre-optic cable systems partly cover the same applications as conventional optical sensors. Depending on the customer's application, they are available as photoelectric sensors or diffuse sensors.

We offer fiber optic materials from Test Equipment, Bulk Cable and Fusion Splicers to Tools, Patch Cables and Consumables.

This is a series of fiber optic sensor heads designed to be connected to a fiber optic sensor amplifier. The FU Series offers a wide variety of options including thru-beam, reflective, retro-reflective and ...

Our distributed sensing cables provide optimized monitoring of your critical harsh environment infrastructure. Distributed sensing is a technology that enables continuous measurements along the ...

By using separate fiber optic cables, these sensors are suitable for areas that may be hazardous to standard sensors, providing reliable operation in harsh environments.

Choose from our selection of fiber-optic sensors in a wide range of styles and sizes. Same and Next Day Delivery.
