

Partner with Weihai local engineering and M& E manufacturers for rapid response and efficient maintenance, driving regional industrial chain upgrades.

Find out how to improve your data center infrastructure efficiency, using the cold aisle containment or hot aisle containment solutions from Vertiv.

Modular sliding or swinging door versions available with optional "soft" self-closing mechanisms and hold-open provisions. Accommodates aisle widths from 36" wide to 96" wide. Standard ...

Data Center Hot & Cold Aisle Containment Features: Delivers controlled airflow, prevents hot/cold air mixing, and reduces cooling energy costs across the data center. Built for data centers, colocation ...

A unique cabinet solution for applications that require engineering services. Our engineering team will work with you to create a cabinet design to meet your requirements for the data center.

• The Soetek intelligent module data center integrates key subsystems like cabinets, cooling and power distribution. • Featuring efficient, reliable modular power gear, its standardized design with versatile ...

Our Automatic Cold Aisle Containment Cabinets enhance efficiency and cooling management for B2B buyers seeking reliable infrastructure. Discover innovative, space-saving solutions tailored for ...

Since its establishment, the company has been continuously researching and developing network cabinets, server cabinets, PDU cabinet sockets, KVM switches, integrated modular computer rooms, ...

Our aisle containment systems are vendor agnostic, featuring innovative, transparent panels that are lightweight and easily attached horizontally or vertically to cabinets using a universal rail system. ...
