

Used with Leviton cabling and connectivity, FASTSPLICE fiber connectors create a complete fiber channel solution and include a Leviton system warranty on certified projects.

Cut your installation time in half with our LC pre-polished fiber optic connector. Ideal for fast repairs, data center connections, and tight spaces.

Fiber cold splicing refers to using special tools to mechanically connect two optical fibers. Its advantages include: Simple operation and easy to master; No electricity ...

Fiber cold splicing refers to using special tools to mechanically connect two optical fibers. Its advantages include: Simple operation and easy to master; No electricity required; Materials that will not damage ...

FASTConnect field installable connectors include LC, ST, SC and are compatible with 250  $\mu$ m and 900  $\mu$ m fiber optic cable, solutions designed for quick, tool-less termination. Ideal for enterprise, FTTx, ...

As a leading supplier of advanced fiber optic components, Molex has an extensive product offering that includes a full range of optical solutions from connectors, adapters and cables to backplanes and ...

Widely used in FTTH, FTTx, LAN, and telecom networks, the cold fast splicer connector is ideal for emergency repairs, field termination, and temporary or permanent fiber links.

Upgraded Design: SC fiber optic quick connector, the plug does not require on site grinding and can be directly exchanged with disc optic cable; Fusion splice type is efficient, fast, and easy to connect

Corning's fiber optic connector technology includes proven field-installable fiber connectors which make fiber terminations fast, easy, and reliable.

CommScope offers a variety of low-loss LC, SC, SN and MPO fiber optic connectors that deliver superior mechanical and optical performance.

Our vast line of Fiber connectors from Belden make your work more reliable, available and configurable with industry-leading designs.
