

## **Composite cable trays are available in a full range of specifications**

Fiberglass cable ladder and cable channel tray Eaton's fiberglass cable tray is approved by the American Bureau of Shipping (ABS) Building and Classing Steel Vessels 4-8-4A1/9.1, making it ideal ...

We offer a wide range of cable tray systems to support tubing, electrical cables and instrumentation. Our cable trays are produced in fit for purpose materials like stainless steel, galvanized, aluminium and ...

Our Cable Tray provide reliable cable support in the most corrosive applications. Both Polyester & Vinyl ester resin systems are available. All of our trays are UV protected with minimal reduction in strength ...

FRP cable trays offer corrosion immunity, 50% faster installation, and EMI transparency. We cover specifications, standards compliance, and application guidance for engineers.

Designed for modern industrial demands, our trays offer exceptional corrosion resistance, high strength-to-weight ratio, and fire-retardant properties--making them ideal for harsh or mission-critical ...

Our cable trays and ladder systems are made from combining fiberglass and resins that are resistant to corrosion, fire, and electrical conductivity - making them ideal for use in a variety of industries ...

At Anvaya Industries, we manufacture a premium range of FRP Perforated Cable Trays designed for safe, organized, and long-lasting cable management. These trays are ideal for supporting power ...

We specialize in high-strength, anti-corrosion FRP/SMC composite cable trays for harsh industrial environments, power plants & rail transit. Custom sizes & solutions.

Made from the highest quality pultruded materials, our Fiber Reinforced Polymer (FRP) cable tray is extremely durable and resistant to chemical attack, with a proven record of performance in the most ...

Our systems are ideal for chemical plants, wastewater facilities, and coastal installations. The lightweight construction simplifies installation and reduces structural requirements. Non-conductive properties ...
