

The Cross connection Cabinet can be applied in active link with trunk optical cables and cable distribution, accomplishing fusion, storage, distribution and dispatch for ...

Optical cross connecting cabinet(OCC) series products are designed for fiber optic access network feeder cable and wiring cable junction of outdoor fiber optic cable interface equipment.

With their termination and cross-connection capabilities, versatility, integration options, scalability and enhanced security, they provide a reliable and cost-effective solution for managing and expanding ...

Compatible with Corning rack-mountable hardware, these cabinets can accommodate many combinations of connector, splice and coupler housings. This modular system makes it possible to ...

Fiber Cross Connection Cabinet (OCCs) are versatile, fully enclosed cabinets designed for fiber optic rack-mountable hardware. All products in this family offer modular design for incremental growth and ...

No matter what your application, LongXing has there sources and experience to ...

LongXing SMC Series polycarbonate outdoor cabinet is a perfect solution for outdoor fiber connection and distribution applications.Special glass fiber reinforced ...

No matter what your application, LongXing has there sources and experience to understand the requirement and to design and build a product to meet the most stringent standards.

The Cross connection Cabinet can be applied in active link with trunk optical cables and cable distribution, accomplishing fusion, storage, distribution and dispatch for the cables.

This 96 Core Fiber Optic Termination Box is very suitable for FTTx uses and cross-connecting outdoor optical cables. 96 Core Fiber Optic Termination Box is a perfect cost-effective solution-provider in the ...

The cross connect cabinet is used to connect trunk optical cables and distribution optical cables to realize the distribution and dispatch of optical signals. It is an indispensable component of the optical ...

LongXing SMC Series polycarbonate outdoor cabinet is a perfect solution for outdoor fiber connection and distribution applications.Special glass fiber reinforced polycarbonate structure makes this cabinet ...

Optical Cable Cross-Connect Cabinet is a junction device that provides cable termination and patching for backbone layer optical cables and distribution layer optical cables.
