The company specializes in the development of innovative short to medium-length fiber optic cables, offering a range of products for LAN, data center applications, and Fiber to the Home.

Large core fibers from Fibercore. Highly customizable designs with a wide range of coatings available. Contact us today.

The "European" quality of our products based on top-class materials and optical fibres, on brand new modern lines allowing us effective production and particularly on long time experience of our ...

Large core multimode optical fiber with core diameters from 10 ~ 2000 μm provide ease of alignment and enable light/laser transmission with high power efficiency.

OPTOKON Kable Co., Ltd., s.r.o. is a manufacturer and supplier of high-quality standard and flame retardant optical fiber and copper cables for use in projects of all sizes and different technical ...

Fiber Optic Cables manufacturers in Czech Republic - Global manufacturers directory by World of Manufacturers.

Located in the heart of Europe, the company's production facility in the Czech Republic is equipped with advanced technologies that meet the strictest criteria for both quality assurance and environmental ...

Modern production of singlemode and multimode fiber optic cables from Czech Republic. The cables are suitable for variant type of installations.

The combination of material and very large mode area enables high power levels to be transmitted through the fiber without material damage or the adverse effects caused by the fiber's nonlinear ...

We specialize in the production of fiber optic assemblies, laser systems, and precision mechanical components for reliable light transmission -- even in extreme conditions. We provide custom ...
