Why buy expensive reels in stores? We can do it ourselves!

It is a site you can use about Wood Working. Why buy expensive reels in stores? We can do it ourselves!

A retractable cord reel automatically stores and dispenses an electrical cable, keeping workspaces tidy and minimizing trip hazards. Building your own reel allows customization of the cable length and ...

I placed the old vacuum cleaner's cable reel in a plastic box. I added the electrical sockets I needed on it.

However, it's not all doom and gloom. There are things that you can save some money on if you are willing to put in some effort. Welding cable reels are one such thing. Instead of buying ...

DIY Automatic Optical Cable Reel

Our plan below is for a simple fixed reel mounted to a wooden post or column, with an extended cross to help keep the cord or hose on the reel. Once you get the hang of creating these reels, you can locate ...

I got tired of winding up long communication cables each day during commissioning and site support work. I could not find any solutions I liked online so I decided to do it myself and convert an ...

When a lot of cables are lying around, there's a high chance of tangling. And nobody wants that to happen as it is troublesome to untangle them when you need to move.

"Remember to be careful using reels with anything that draws a bit of current though" - I got a major dressing down from an electrical design engineer I know when he saw me using a coiled ...
