

# Does the optical-to-electrical converter module support 100Mbps and 1Gbps speeds

Upgrade your network with the SOLTECH SFC2000-SL/SFP Ethernet Converter, offering dual SFP slots for both 100Mbps and 1Gbps speeds in multi-mode and single-mode configurations.

The Cisco SFPs are supported across a variety of Cisco switches, routers, and optical transport devices. For more details, refer to the document Cisco 100M Ethernet SFP Compatibility Matrix.

Yes, this copper SFP+ module, the SFP-10GM-T-30, supports speeds of 10Mbps, ...

The 10/100/1000BASE-T copper SFP module is compatible with the Gigabit Ethernet standard and 1000Base-T standard as specified in the IEEE 802.3ab standard. The 10/100/1000BASE-T copper ...

AUTO NEGOTIATION: Media converter features a 10/100/1000 Mbps compatible RJ45 port that supports auto negotiation to bridge different network ...

This economical unit converts a singlemode or multimode fiber optic signal to a copper Ethernet signal that extends both power (48 VDC) and 10/100/1000 Mbps Gigabit Ethernet up to 100 meters (328 ...

The ComNet CNMCSFP electrical-to-optical Ethernet media converters accept a 10/100 or 1000 Mbps electrical input and converts this to a 100 or 1000 Mbps optical output (selected by a dip switch) and ...

It is available in versions supporting 100 Mbps/1 Gbps speeds. The module fits Fibersystem's 19-inch rack system or can be used in standalone configurations, making it ideal for integration into existing ...

The ComNet Ethernet CNMC2+1SFP electrical-to-optical Ethernet media converters accept two 10/100 or 1000 Mbps electrical inputs and converts this to a single 100 or 1000 Mbps optical output (selected ...

AUTO NEGOTIATION: Media converter features a 10/100/1000 Mbps compatible RJ45 port that supports auto negotiation to bridge different network devices/speeds to a Gigabit fiber network; ...

The TMC-GSFP electrical-to-optical Ethernet media converters accept a 10/100 or 1000 Mbps electrical input and converts to a 100 or 1000 Mbps optical output (selected by a dip switch) and the 100/1000 ...

Yes, this copper SFP+ module, the SFP-10GM-T-30, supports speeds of 10Mbps, 100Mbps, 1Gbps, 2.5Gbps, 5Gbps, and 10Gbps with auto-negotiation. by FS on 09/10/2025
