

Fiber Optic Pigtail assemblies are utilised in terminating fiber optic cables via fusion splicing. Iveonet (TM) offers a wide range of pigtails, designed and manufactured for demanding network applications, ...

Simplify fiber termination with ZERO Connect's high-quality fiber pigtails. Our single-mode and multi-mode assemblies, available with various connector types, provide a reliable, low-loss solution for ...

High-quality fiber pigtails with pre-terminated connectors on one end and exposed tight-buffer fiber on the other. Available in single-mode and multimode (LC, SC, FC, ST), customizable, factory-tested, ...

Schnell single mode fiber pigtails offer high-performance, low-loss terminations for splicing in FTTH, LAN, and telecom networks. Available in LC/PC and SC/PC with OS1 and OS2 fiber types, these ...

Find high-quality fiber optic pigtails for reliable network termination. We offer a full range of single mode and multimode pigtails with SC, LC, ST, and FC connectors.

High quality pre-terminated 900&#181;m optical fiber pigtails with LC, SC, ST connectors for fiber splicing applications. Choose from single mode, multimode and 10G OM3/OM4 fibers.

Fiber optic pigtails are tight buffered fiber cables with a pre-terminated connector on one end and exposed fiber on the other. Our fiber pigtails are available in single mode fiber and multimode fiber ...

They are available in simplex (1 fiber) or 12 fibers, and with single-mode (OS2) or multimode (OM1, OM2, OM3, OM4) fiber options. Each pigtail has a blunt end for splicing and a pre-terminated ...

Fiber optic pigtail for precise, low-loss terminations in fiber networks. Available in SC, LC, ST, and more for singlemode and multimode applications.

FS offers single mode & multimode fiber pigtails with tight buffer design for easy fusion or mechanical splicing. Quality assurance by 100% end-face, IL & RL testing.
