

Features:

Fully Customizable Singlemode Fiber Optic Dual Window Coupler. Single mode & multimode couplers available online from Fibertronics with same day shipping. The available split counts are 1x2 and 2x2 ...

Thorlabs" Single Mode 1x2 Fiber Optic Couplers, also known as taps, have a flat spectral response across the entire specified range. They are available with a coupling ratio of 50:50, 75:25, 90:10, or ...

Dual Window Single Mode Coupler - Fiber Optic Coupler from Opneti. Get product specifications, Download the Datasheet, Request a Quote and get pricing for Dual Window Single Mode Coupler on ...

1510 nm band) DWFC Series Product Description The Oplink fused dual window wideband fiber 1x2 (2x2) couplers provide accurate optical signal coupling and splitting over wide bandwi.

The fused fiber couplers have low excess loss, low polarization dependent loss, low back reflection, high stability, high reliability and compact size. Both 1X2 and 2X2 types are available.

DWC couplers are widely used for communication systems, CATV, and FTTH. The mini size DWC is designed for compact optical modules and communication systems.

A fundamental part of fiber optics is the The Dual Window Single Mode Wideband Fiber Coupler 1x4 from Hiphotonics. Its qualities and uses make it a much sought-after good on the market.

The FC Series fiber optic coupler is based on Agiltron"s fused biconical taper technology and compact packaging structure. It features good uniformity, low excess loss and very low polarization sensitivity.

1x2/2x2 Single Mode Optical Couplers - Dual Window 1310& 1550nm Dual-window optical coupler combines and splits incoming light over 1310nm and 1550nm wavelength sim...
