

Mitsubishi Super ESKA(TM) multi-core fiber with 64 x 0.265mm cores, 3.2mm black PE jacket. SH1064 is specialized fiber, and typically used for sensing, specialty lighting, and data transmission.

The low-profile, round cable design of the MPO cable assembly makes cable management easier than with flat cable, enabling 360-degree cable routing for high-density and space-constrained environments.

The optical cable has excellent mechanical properties and environmental performances due to reasonable design and precision control of the redundant length and the cabling method of ...

Built with advanced optical fiber technology, this cable supports multiple cores (from 4 to 64 fibers), enabling high-bandwidth data transmission with low attenuation and excellent signal integrity.

Choose from our selection of fiber-optic cords, fiber-optic cable, DIN-rail mount ethernet switches, and more. Same and Next Day Delivery.

Outdoor dry core optical fiber Multi Loose Tube cable with aramid yarns as strength member and polyethylene outer jacket plus termite protection by polyamide layer.

Online shopping for Fiber Optic Cables from a great selection at Electronics Store.

Order Industrial Fiber Optics IF-C-LG64 (IF-C-LG64-ND) at DigiKey. Check stock and pricing, view product specifications, and order online.

The multi-strand fiber optic cables conveniently pack numerous end-glow fiber optic filaments into one cable. The 64-strand end-glow fiber optic cable contains 64 individual strands of 0.265 mm end-glow ...

The versatility of 64 core fiber optic cables is evident in their various types, each tailored for specific applications. From long-haul networks that connect continents to intricate data centers ...
