

Fiber Instrument Sales has a wide variety of fiber optic splicing equipment such as fusion splicers from AFL, Sumitomo, FITELE, and FIS. FIS also splicing tools and accessories such as cleavers, thermal ...

Explore a wide range of fiber splicers featuring LCD screens, large battery capacity, and portable design. Perfect for field installation and maintenance work.

Need precision fiber optic cable splicing machines? Discover core-aligned models with 0.02dB loss ratings for telecom and data center applications. Compare prices from verified suppliers. ...

Designed for telecom professionals, FTTH installers, and network engineers, this machine delivers ultra-fast splicing speeds (≤ 6 seconds) and low loss rates, ensuring reliable connections in any environment.

Fusion splicers are essential for creating low-loss, high-performance fiber optic connections in telecom, FTTH, and data center applications. The best splicers offer core alignment, ...

Choosing a reliable fusion splicer is essential for fiber optic projects, from FTTH deployments to trunk-line construction. This guide highlights five top options that combine fast splice ...

FITELE splicers are simple yet precise and reliable tools that can support a full range of fiber manufacturing, R& D, installation, and maintenance applications. Fusion splicing permanently joins ...

We distribute fiber optic splicing equipment from Corning, AFL, Sumitomo, 3M, 3SAE, Fitel and more.

Telecommunication uses Fusion splicer enable splicing of Fiber Optic Cable with low loss and high reliability. For fusion splicer, we offer two types: Core alignment fusion splicer, which bring high ...
