

Fiber optic cable communication duct blocked by silt

This technique involves using high-pressure water streams to dislodge and remove silt, debris, and other obstructions from the ducts.

The Openreach engineer that visited the property today to install Fibre 900, advised that he could not get the cable through to the grey box outside because there is sand / stones / hard stuff ...

Yet, these ducts face a constant threat - the intrusion of silt, carried deep into the system by rainwater. The ducts can be crowded with existing cables, demanding a cleaning method that is ...

I had to chuckle, I thought at the start, you have a blocked duct, you probably need a cobra and then later you mention it. A "Cobra reel" is basically a long extendable metal cable that ...

During their survey however, they found the duct to our house from the pavement, which runs under the 20m driveway, had collapsed and was blocked. They said it wasn't financially viable ...

As Fibre to the Premises (FTTP) is being rolled out across the UK, not accurately knowing the condition of the ducts (blocked, filled, damaged) can significantly increase the installation cost.

The duct or innerduct should be rigid polyethylene or PVC with a minimum inside diameter that does not exceed a 65% fill ratio with a single cable installed; (for further details on fill ratios, refer to SRP-005 ...

Where no physical barrier exists, no duct or cable shall be laid within a distance of 600mm (24 inches) measured horizontally, nor cross within a distance of 300mm ...

At Clear Line Desilting, we specialise in de-silting telecoms ducting to ensure a smooth, safe route for underground fibre cables.

A large telecommunications company working on a fiber backbone project in Wisconsin encountered that exact problem. When they initially tried to remove the existing cable, they found ...

Where no physical barrier exists, no duct or cable shall be laid within a distance of 600mm (24 inches) measured horizontally, nor cross within a distance of 300mm (12 inches) measured vertically from ...
