

# Flame-retardant PDU power distribution units for petroleum and petrochemical industries

Discover THERMOLENE™ by INDU-ELECTRIC - flame-retardant, self-extinguishing, mechanically strong and thermally conductive. Perfect for power distributors.

The HDT DRASH™ Impact-Resistant Power Distribution Unit (PDU) is built to meet U.S. MIL-STD-810G for high and low temperature operation, weather-resistant operation and drop resistance.

In addition to standard rackmount solutions, Marway has created custom power distribution units in uniquely-sized and shaped enclosures up to full-sized racks. A custom enclosure enables ...

Discover the cornerstone of efficient power management with Power Temp Systems' Power Distribution Units (PDU). Engineered for reliability and precision, our PDUs ensure seamless power distribution, ...

Whether in computer rooms, data centers, or industrial environments, Gcabling's PDU solutions can provide you with efficient power management and ...

Each Metered PDU has a digital LCD meter for real-time load monitoring. Series features include durable metal housing, horizontal/vertical mounting, switch-free design, network-grade plugs and ...

Whether in computer rooms, data centers, or industrial environments, Gcabling's PDU solutions can provide you with efficient power management and help your infrastructure achieve ...

A single PDU can be used with multiple machines in applications ranging from industrial painting to welding. It is fully insulated and resistant to shock, impact and corrosion, and includes embedded ...

The Eaton line of three-phase power distribution units (PDUs) provide robust power distribution that can be easily tailored to meet the design specifications of any facility or data center. The PDU offers ...

Nova Electric offers a full line of COTS and Military PDUs designed to manage power capacity and functionality for harsh environment applications.
