

Flame-retardant outdoor integrated power cabinet for park network users

Explore durable outdoor network cabinets with floor standing, pole, and wall mount options for secure installation of your network equipment.

This cabinet integrates power distribution, environmental control, and equipment storage within a single outdoor unit, suitable for mountaintops, rooftops, remote sites, and other harsh environments.

Secure your outdoor network equipment in weatherproof, lockable enclosures. Browse heavy-duty steel, aluminum, and plastic designs with cooling and ventilation.

Our outdoor enclosures are exposed to all types of weather, including coastal areas where salt air takes a toll on anything metal. Upper U.S. and Canadian installations also have some challenging weather.

Outdoor network cabinets featuring integrated surveillance, cooling, and power supply with a waterproof design.

As a dedicated equipment supplier for the national grid, CONSNANT offers outdoor integrated power supply cabinets designed to meet the unique environmental and operational ...

We specialize in distribution boxes, distribution cabinets, and custom non-standard sheet metal products, integrating sheet metal manufacturing with complete electrical systems.

Designed to protect expensive outdoor IT and control equipment, especially security, fire, law enforcement and other first-responder applications.

Our cabinet keeps network equipment and cables safe and properly organized. Featuring 6, 9, 12 or 15 rack spaces, this enclosure is designed for safely mounting multiple patch panels and other ...
