

As a member of the LightDirect family of hot-swappable test modules, the single-slot mOSA is a fraction of the size of legacy optical spectrum analyzers, reducing the footprint of the automated ...

The SFP-10GSRLC-T 1-port 10 Gigabit Ethernet SFP+ modules are available as optional accessories for a wide range of Moxa switches.

Compatibility in your network is everything, and this industrial SFP Transceiver Module delivers. Use it with any Intellinet SFP equipped network switch or any other Multi Source Agreement (MSA) ...

Moxa is a leading provider of edge connectivity, industrial computing, and network infrastructure solutions for enabling connectivity for the Industrial Internet of Things.

Find many great new & used options and get the best deals for 1PC Brand new Mosa MOXA original SFP-1GLXLC V1.1 optical module at the best online prices at eBay!

SFP-1GZXLC-T - Moxa Compatible 1000BASE-ZX SFP 1550nm 80km DOM IND Temp. Transceiver Module.

Optical grating-based spectrum analyzer with lab-grade spectral performance in a module for the MAP Series

The MOXA SFP-1GLXLC is a 10km single-mode SFP optical port module offering high-speed Gigabit Ethernet performance for industrial networking. Perfect for factory automation, telecommunications, ...

Moxa's Ethernet to Fiber media converters feature innovative remote management, industrial-grade reliability, and a flexible, modular design that can fit any type of industrial environment.

Enhance the networking infrastructure with this MSA-compatible 25GBASE-LR optical transceiver, ensuring reliable performance and seamless connectivity at distances of up to 10km.
