

High-precision SFP optical modules in Uganda

COMMANDO SFP transceiver module is for transmission at 850nm/1310nm/1550nm over Single Mode/Multi-Mode fiber. It supports IEEE Ethernet standards which ...

All modules satisfy class I laser safety requirements. The transceivers are compatible with SFP Multi-Source Agreement and SFF-8472 digital diagnostics functions.

This advanced optical module is engineered for high-speed data transfer and reliable performance over short distances, making it an ideal choice for high-bandwidth applications.

This is highly cost-effective way to connect two SFP/SFP+ devices (for example two units of CCR1036-8G-2S+) for very short distances, within racks and across adjacent racks.

With a hot-swappable design, excellent signal integrity, low power consumption, high reliability, and compatibility with major brands, including Cisco, Juniper, HPE, Arista, Dell, and Brocade, these ...

Our optical modules have passed the switch tests of commonly used brands such as Cisco, Huawei, Mikrotik, TP-LINK, H3C, HUAWEI, Ruijie, CISCO, HP, JUNIPER, INTEL, etc., with good ...

Fiber Technologies Uganda Limited was founded to provide comprehensive Fiber Optics Consultancy, Training plus Deployment and construction management to the public and private sector.

Customize MOQ of Fiber Optic Modules manufacturer from Uganda, deal with top Fiber Optic Modules verified suppliers.

We found 11 businesses in Uganda which have fiber optics listed among their services. Please read through the company profiles below to find more information about the best Ugandan fiber optics ...

10Gbps SFP+ optical transceiver operating at 1310nm wavelength with a transmission distance of up to...

COMMANDO SFP transceiver module is for transmission at 850nm/1310nm/1550nm over Single Mode/Multi-Mode fiber. It supports IEEE Ethernet standards which make it ideally suited for data ...
