

How much does an industrial-grade ring network switch cost

Find reliable industrial ethernet ring topology switches with PoE+, DIN rail mounting, and rugged -40°C to 75°C operation. Click to explore top-rated suppliers and get competitive pricing for 2026.

The 4-port Gigabit Network Ring Redundant Switch is an industrial-grade Ethernet switch designed Compatible with reliable data exchange in PLC and HMI systems. With high-speed Gigabit network ...

This industrial ring network management switch complies with FCC, CE and RoHS standards, and supports the Ethernet Layer 2 protocol required in industrial sites, ensuring the stability of the ...

Whether you're managing a factory floor, an energy grid, or any other demanding setting, industrial network switches provide the durability and performance needed to keep operations running ...

Please view our full RLH price list and contact us at info@fiberopticlink if you have any questions or special project needs.

Conclusion The typical cost of an industrial-grade switch can range from \$100 to over \$5,000, depending on factors like port count, speed, PoE capabilities, environmental requirements, ...

The Cisco's Industrial Ethernet 3000 Series (IE 3000 Series) is a family of Layer 2 and Layer 3 switches that bring Cisco's leadership in switching to Industrial Ethernet applications with Innovative features, ...

Explore competitively priced industrial switches of Cisco, with wide application, ...

With a rugged IP40 metal housing and 12-54V redundant power system for a total power budget of up to 120 watts for different kinds of PoE applications, the IFGS-624PTF also operates efficiently in harsh ...

Install this powerful network switch to fit tough industrial environments, get a manageable network system with redundancy via simple installation, and benefit from the < 20-msec fast ring recovery ...

Explore competitively priced industrial switches of Cisco, with wide application, low price, and the use of transparent and unified TCP / IP protocol.
