

Industrial Ethernet Dual-Port Information Panel IP65

Mouser offers inventory, pricing, & datasheets for IP65 RJ45 Modular Connectors / Ethernet Connectors.

Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management, and competitive price-to ...

The YT-RJ45-JSX-16-001 is a sealed Ethernet female socket RJ45 connector with dual Ethernet ports, offering IP65 protection. Suitable for various industrial and outdoor networking applications.

The OCTOPUS Family of managed switches provide IP65/67 waterproof and dust-tight protection as well as ratings for on-board rail, fire protection in trains, railway line use, ship use, and road vehicle use.

Our switches are built for high network flexibility, cyber security and durability and are suitable for use in mission-critical environments.

Model MKU-101 2EU01 has a IP65 standard which classifies and rates the degree of protection provided against intrusion (body parts such as hands and fingers), dust, accidental contact, and water by ...

We offer 4000+ automation products for a wide variety of applications. Products have either a built-in network interface or an optional communication module. We continue to expand our EtherNet/IP(TM) ...

The YT-RJ45-JSX-16-001 is a sealed Ethernet female socket RJ45 connector with ...

Dual ethernet rj45 port rs232 rs485 wall mount or embedded ip65 waterproof industrial touch screen panel pc Senke's Industrial PC offers high efficiency and reliability with its sealed and fanless design.

Ethernet-APL enables safe and efficient data transmission in the process industry. With the Ethernet-APL field switches, sensors are integrated into the Ethernet network via a two-wire Ethernet connection.

Dual ethernet rj45 port rs232 rs485 wall mount or embedded ip65 waterproof industrial touch screen panel pc Senke's Industrial PC offers high efficiency and ...

Workhorses for a broad spectrum of industrial needs, these modular switches feature high-wattage PoE options, high-speed 10-GE uplinks, and advanced network security capabilities.
