

BL167GM-SFP is a network managed industrial Ethernet switch that ...

The industrial PoE switch series provides ±6KV contact/ ±8KV air ESD protection. It also supports ±6KV surge immunity to improve product stability and protects users' networks from devastating ESD ...

Up to 120km : Fiber transceiver provides multiple Gigabit SFP optical ports and 10/100/1000M adaptive RJ45 network ports, users can choose different SFP optical modules ...

With the IP30 aluminum industrial case, the IGS-4215-4P4T2S provides a high level of immunity against electromagnetic interference and heavy electrical surges which are usually found on plant floors or in ...

The rail installation features, wide temperature operation, IP40 enclosure and LED indicator light make the BL167G a plug-and-play industrial device, providing a reliable and convenient solution for users ...

The 4-Port Gigabit Ethernet PoE+ Industrial Switch with 2 SFP Ports from Intellinet Network Solutions was designed to give you the network connections and device power you need in places that are ...

4 Gigabit electrical ports + 2 Gigabit FX optical ports industrial Ethernet switch, supporting 4 100Base-T/1000Base-TX electrical ports and 2 1000Base-X optical ports. Products comply with FCC, CE, ...

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting.

With the IP30 aluminum industrial case, the IGS-4215-4P4T2S provides a high level of immunity against electromagnetic interference and heavy electrical surges ...

BL167GM-SFP is a network managed industrial Ethernet switch that complies with FCC, CE and RoHS standards. Support 2 gigabit optical ports and 4 gigabit electrical ports; Support Ethernet layer 2 ...

Unmanaged industrial Ethernet switch with 2*10/100/1000M RJ45 ports and 2*1000M SFP fiber ports. It can support dual DC power input and DIN rail mounting. Note: The power supply and optical module ...

In order to meet the different requirements of industrial applications, this series adopts a modular design, up to 2 Gigabit optical fiber ports and 4 Gigabit Ethernet electrical ports, which enhances the ...
