

As a direct manufacturer and OEM supplier, we provide industrial fiber optic switches suitable for factory automation, energy systems, transportation networks, surveillance backbones, and outdoor field ...

Moxa's Layer 2 managed switches feature industrial-grade reliability, network redundancy, and security features based on the IEC 62443 standard.

Designed with industrial automation and surveillance applications in mind, this industrial PoE Ethernet switch delivers both power and high-speed data through a single cable, simplifying deployment and ...

Our products make use of SFP modules for multimode or singlemode fiber with LC connectors. Many of our switches support 1 or 2 fiber ports which are advantageous when daisy chain configurations are ...

Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management, and competitive price-to ...

Rugged, yet easy to use, Perle has over 734 models of Ethernet switches that feature Industrial Protocol Management support, superior reliability, advanced security, network redundancy, and easy ...

This space-saving switch transmits data over a Gigabit Ethernet network. Four auto-negotiating 10/100/1000 Mbps ports send data via Cat5e/6/6a cable only to the devices designated to receive it, ...

Industrial unmanaged switches from Phoenix Contact feature variable numbers of ports and a narrow design. We provide unmanaged switches with a variety of functions, depending on the application.

The Industrial Ethernet Switch can be widely used in wind, electricity, assembly automation, subway PIS, power SCADA, sewage treatment, metallurgy, intelligent transportation, rail transportation, ...

DES1005 series Industrial Ethernet Switch adopts store-and-forward architecture, fan-less and energy-saving design to provide reliable and stable operation in harsh industrial environments.

Industrial-grade 4-electric switch

100Mbps

2-fiber
