

Israeli grating sensing optical cable manufacturer

Tritech offers a wide range of optical components, solutions and systems to the Medical, Industrial, Military, Communication and Automotive market.

We are active in the fiber sensing technology more than 7 years. Together with key scientists from the academy and our worldwide partners like Omnisens, we already implement and running right now ...

In this section, we present our standard list of gratings with custom etching depth (modulation depth). In addition to standard gratings, HOLO / OR can offer gratings with custom specifications (duty cycle, ...

When exploring the fiber optic cable industry in Israel, several key considerations come into play. First, understanding the regulatory environment is crucial, as local laws and standards can influence ...

IARD is an R& D company that provides E-O based solutions and services. We are experts in the fields of Electro-Optics and Remote Sensing.

OPSYS offers RF over Fiber links for up to 20GHz RF signals. Additional digital/discrete signals for monitoring and control handled with our Rugged Media Converters.

The leading Optical Grating Manufacturers in Israel are listed in this directory. You can narrow down the list of manufacturers based on their location and capabilities, browse their product catalogs, view ...

Our FBG arrays can be ruggedized into GFRP, steel, and armored cables. We package FBGs into a variety of sensors based on our customers' designs. As an example, we package FBGs into crack ...
