

# LC type dual-core single-mode pigtail fiber

Our LC duplex zipcord fiber optic patch cord offers reliable, high-speed connections for voice, data, or video in data centers, offices, and telecom rooms, with fire-retardant options.

It is composed of a fiber optic cable terminated with different ...

Techlogiks Single Mode fiber pigtails are available in a variety of colours to complement any network, custom configurations and performances. Full choice of available connector types like ...

CommScope engineers and manufactures a complete line of high quality fiber pigtails

Simplify fiber termination with ZERO Connect's high-quality fiber pigtails. Our single-mode and multi-mode assemblies, available with various connector types, provide a reliable, low-loss solution for ...

It can be used in data centers and telecom networks with existing fiber trunks or new multifiber cable. It comes pre-loaded with 12 LC pigtails to be mounted in a fiber patch panel or rack for easy access. ...

Our 12 strand LC-UPC Singlemode Fiber Pigtail Kits are available in standard and bend insensitive glass, utilize color coding and perform to meet TIA-568-C.3 standards.

G.657.A1 low loss fiber and 10mm Min. bend radius provide improved flexibility for limited space setups. The high-precision zirconia ceramic ferrule has a long life and ensures stability and interchangeability.

G.657.A1 low loss fiber and 10mm Min. bend radius provide improved flexibility for ...

UniCam connectors suit all field-installable fiber needs, reducing total cost. Each acts like a mini pigtail with a factory-installed fiber stub, aligned via patented splice tech.

Leviton fiber optic pigtail kits are a good solution for mechanical or fusion splicing applications. Available in a range of multimode and single-mode fibers with SC, ST or LC connectors. Our premium pigtails ...

It is composed of a fiber optic cable terminated with different connectors on the ends. Fiber optic pigtail is one of most commonly used components in fiber optic network.
