

Lying is something you do yourself (or an object does on its own). It means to recline or remain in a flat position. Laying is an action you perform on something else. It means to place or set ...

What's an easy way to remember lay vs. lie? The meat of it really comes down to remembering that lay and laying take a direct object, while lie and lying do not.

Lay is a verb that commonly means "to put or set (something) down." Lie is a verb that commonly means "to be in or to assume a horizontal position" (or "to make an untrue statement," but we'll focus on the ...

When a person is resting or in a recumbent position, lying is the word to be used, not laying. Use laying only when there is a direct object involved that is being placed.

To help you understand the difference between laying and lying, just break it down into the forms of language being used. "Laying" is a transitive verb meaning "to place or put something ...

The same rules apply to laying and lying (never "lieing"--beware of spelling). The past tense of lay is laid, but be careful with the past tense of lie --there are two options.

Laying is a transitive verb meaning "to place or put something down and requires an object." Lying is an intransitive verb meaning "to be in or assume a flat or horizontal position on a ...

Lay means "to place something down flat," while lie means "to be in a flat position on a surface." The key difference is that lay is transitive and requires an object to act upon, and lie is intransitive, describing ...
