

Modular, compact intelligent PDU with inlet metering. Ultra-Low Profile Design. Reduce IP addresses by Daisy Chaining up to 64 PDU's.

We design a full suite of services to optimize the performance and longevity of your PDUs from initial setup to routine inspections, ensuring that our team of experts installs everything correctly and to the ...

Managing and installing a rack power distribution unit (PDU) has never been easier than with the EL2P PDU. Designed to simplify deployment and take stress out of power distribution, this intelligent PDU ...

The company's mission is to deliver intelligent power solutions that cater to diverse client needs while adhering to international safety and performance standards. Its vision is to become a global leader in ...

The company's intelligent rack PDUs are built to reliably and efficiently distribute power to all devices. Operators can meter at the inlet, which provides a view of power usage and capacity ...

However, unlike traditional Power Distribution Units (PDUs), an iPDU goes beyond basic power delivery by incorporating intelligent features and network connectivity, allowing for real-time monitoring, ...

Raritan, a global leader in intelligent rack PDUs, environment management, and KVM switch products, delivers solutions to increase the reliability and intelligence of data centers around the globe, ...

For over 45 years, Applied Engineering has enabled the success of our clients by providing cost effective electromechanical contract manufacturing for custom engineered power distribution units ...

Later in May 2023, the company launched new PX4 and PRO4X power distribution units for advanced data centers. The solution provides high speed power supply and unparalleled power ...

The company's intelligent rack PDUs are built to reliably and efficiently distribute power to all devices. Operators can meter at the inlet, which ...

From combating internal threats with webcams and intelligent door locks, outside forces with firewalls, and human error with asset management tags/sensors and SecureLock(TM) power cords - keeping the ...

We design a full suite of services to optimize the performance and longevity of your PDUs from initial setup to routine inspections, ...
