

The trunks are fully configurable and available with a variety of cable and connector configurations, perfect for data center applications where high bandwidth is required.

OptoTrunk Cables combine multiple cables into one, using high-density connectors like 144F Expanded Beam Optical (EBO) and LC cartridges to enable efficient, space-saving connectivity. Data centers ...

The MPO trunk cable serves as the multi-fiber push-on connection solution to connect fiber transceivers, optical fiber adapter panels, and MPO cassettes. OM4 ...

Our pre-assembled MPO female trunk cable tackles high-density data center network connections and combines multiple fiber optic lines into a single, easy-to-manage cable.

ZION supplies MPO trunk cables for high-density data centers and structured cabling systems, available in OS2, OM3, OM4, and OM5 with 12F to 144F options, Type A / B / C polarity, male or female ...

EDGE(TM) MTP#174; trunks provide the backbone of the EDGE solution. With non-pinned MTP connectors on both ends, these fiber trunk cable assemblies are designed to interface with the EDGE solutions or ...

Fiber Trunk Cables, also known as fiber optic trunk cables, are crucial components in modern communication networks. These cables utilize small glass fibers to transmit data using ...

Nassau Cable is a trusted distributor of industrial, commercial wire and cable, offering quality and best price. We ship the products worldwide.

Leviton fiber trunks are pre-terminated cable assemblies, and are ideally deployed in data centers and enterprise fiber networks.

Our fiber optic trunk cables provide high density connections to patch panels, cassettes or cable harnesses. Order a single or multi mode cord online today!

The MPO trunk cable serves as the multi-fiber push-on connection solution to connect fiber transceivers, optical fiber adapter panels, and MPO cassettes. OM4 fiber cable features higher bandwidth and ...
