

CommScope offers a portfolio of bare and connectorized splitters/couplers in a wide range of styles and split ratios, and splitter modules for inside plant (ISP) and outside plant (OSP) applications that help ...

Amphenol Network Solutions offers a complete line of discrete Optical Splitter Components for a wide range of uses in various optical network designs. The product family includes splitters from 2 to 64 ...

Explore our collection of optical cable splitters and PON splitters for sale. Optical beam splitters are used to split the fiber optic light evenly into several parts at specific ratios. Buy optical splitters and passive ...

It is available in various port configurations ranging from 1 or 2 inputs and 8 to 32 output ports. The Fiber Splitter Panel is ideal for Passive Optical LAN 's and other singlemode applications requiring high ...

Explore our comprehensive selection of high-performance fiber optic splitters. We offer a variety of PLC splitter types, including ABS box, LGX cassette, and rack-mount options with multiple split ratios.

Nexconec 1U rotary splitter panel is widely used in optical communication networks, completing such functions as splicing, splitting and 64-fiber distribution. It can be installed optical splitter (maximum ...

DME PROLINK's Splitter panel is a vital component in any GPoN/FTTx infrastructure. Designed in conjunction with leading Service Providers, this compact, integrated panel offers pre-connectorised ...

Clearfield leads the way with optical component technologies for PON splitting, C/W division multiplexing and optical circulators. These products are custom built to your unique split ratios, light requirements ...

FIBERONE® provides optical fiber splitters (couplers) in both LGX and rack-mount configurations. Our LGX style optical splitter module is designed to either stand alone or attach to a fiber patch panel that ...

High-performance FOSS passive optical splitters (PLC & FBT) for PON networks. Ratios from 1:2 to 1:64, low insertion loss, rugged -40 °C to +85 °C, and seamless panel integration.
