

Price List for Low-Noise DAC High-Speed Cables for Data Center Interconnection

Philisun team helps you select the most suitable AOC and DAC high speed cables for data centers, HPC, and AI deployments, delivering reliable performance, broad compatibility, and scalable ...

Direct Attach Copper (DAC) cables are high-speed, hot-pluggable factory terminated cables designed for data center and networking applications.

Shop Direct Attach Copper (DAC) and Active Optical (AOC) cables. Low-latency 10G to 100G solutions for top-of-rack and inter-rack links. Lifetime warranty.

Direct Attach Copper (DAC) cables also known as DAC Twinax cables, are the ideal solution for you, and Server Basket offers different types of these high-speed DAC cables at budget prices.

With lengths from 0.5 to 2.5 meters, low insertion loss and low crosstalk, the 400G QSFP-DD DAC is ideally suited for today's ultra-high data transfer data center applications such as servers, routers, ...

10G/25G DAC Cables from JTOPTICS are Direct Attach Copper cables ideal for short-distance, cost-effective connectivity in top-of-rack or intra-rack applications. These cables provide low-latency, high ...

Learn about direct attach copper (DAC) cables and splitters for GPU-accelerated computing. CablesTEC's Direct Attach Copper Cable (DAC) is the lowest cost solution for creating 10G-800G ...

Amphenol QSFP+ Cables (40G QSFP+ DAC Cables) now available in lengths up to 7m (23") at Cables on Demand - Buy Direct from the world's largest QSFP+ Cable OEM and save!

Every 40G QSFP+ to QSFP+ Active DAC cable is individually tested on a full range of Customized equipment and passed the monitoring of HiFiber's intelligent quality control system.

Direct Attach Copper (DAC) Low-Power, Low-Cost Solutions for High Speed Data Center Interconnects
