

Professional 24-core optical fiber splicing package

Our extensive portfolio includes fiber optic cables, splitters, termination boxes, patch panels, custom patch cords, pigtailed, and a comprehensive array of instruments & tools.

More Capacity and Versatility? This product offers a high capacity of 12/24 cores for one unit, making it suitable for various fiber optic applications. It also supports a wide range of networks, ...

RLH Industries Outside Plant Fiber Splice Closure provides reliable and flexible installation for outdoor applications. The compact size and high quality construction allow for installation in both ...

These fiber splice trays, adapter panels and cable fan-out kits can accept up to 24 fibers. Made by AFL, Corning, Leviton, Pandit and other manufacturers.

Infinique Fiber Optic Splice Enclosure has been specifically designed to give greater protection for fiber optic connections. It is made of tough chemical resistant engineering material which effectively ...

This durable and spacious tray ensures efficient organization and protection of splicing fibers, enhancing performance and reliability for telecommunications and networking applications.

Package material:Carton. 8. Weight:2.5-3.0Kg. 9. Cable diameter range:8-20mm. 10. Sealing way of cables:Heat shrinking. 11. Quality warrenty:2 years. 12. Life span:more than 25 years. Wall ...

SDX 12- and 24-Fiber metal fiber splice modules protect and organize heat-shrink fusion spliced fibers (up to 12 or 24 fibers) inside a fiber enclosure.

The hermetically sealed closures include Light Linker, and fiber dome closures; they can be used for any outside plant application.

We supply fiber optic components, such as fiber patch cord, PLC splitter, SFP transceiver, MTP/MPO, CWDM/DWDM, FTTH solution, Data center wiring solution, etc.
