

QSFP Liquid-Cooled Switch Original Product

100G QSFP28 Immersion Liquid Cooling module is a high performance module for short-reach and interconnect in liquid immersion environment - AscentOptics.

It extends the electrical interface of the server to the surface, allowing 40G/100G/200G QSFP transceivers or AOCs to interconnect with QSFP-QSFP flat cages, increasing the flexibility of the ...

GIGALIGHT provides 10G to 800G immersion liquid cooling direct attach cable (DAC) products for immersion liquid-cooled data centers, supporting various package types such as SFP+, SFP28, ...

Amphenol's liquid-cooled solution for front-panel pluggables is available for OSFP in a 1x8 ganged configuration and QSFP-DD in a 2x8 ganged and stacked configuration, enabling ...

Immersible-400G GIGALIGHT's 400G QSFP-DD/OSFP liquid cooling optical module is designed for use in submerged data center 400GBASE-SR8 Ethernet links. It adopts 50G PAM4 and VCSEL ...

- Meet Nvidia H100 GB200 GPUs specifications. - Highly customizable cold plate design and production.

200GbE QSFP56 SR4 liquid/immersion cooling transceiver, 3M MPO-12/APC Female Type A plug, 8x106.25GBd data lanes, for short-range MMF data ...

QSFP-DD is a new module and cage/connector system similar to current QSFP, but with an additional row of contacts providing for an eight lane electrical interface. It is being developed by the QSFP-DD ...

100G Solution for Liquid Immersion Cooling System has been an accepted method of conditioning electronics for more than half a century. Immersion Cooling is at the foundation of Immersed ...

200GbE QSFP56 SR4 liquid/immersion cooling transceiver, 3M MPO-12/APC Female Type A plug, 8x106.25GBd data lanes, for short-range MMF data communication up to 100m, ideal for high-dense ...

Our QSFP-DD cages feature a proprietary heat sink design, making them the only solution to work in 15-18W applications at a low cost - providing superior thermal and signal integrity performance.

QSFP Liquid-Cooled Switch Original Product
