

NSD570 enables a fast, reliable, and secure transmission of protection commands over any kind of communication media. Learn more about NSD570 Teleprotection.

Arrangement F shows an optical fiber and optical fiber interface (OFIF) option that may be useful for lengthy relay to communications equipment runs. This option will reduce interference and ground ...

Explore the SEL-751 Feeder Protection Relay data sheet for directional overcurrent, arc-flash, and high-impedance fault detection features.

Fiber optic protection communication link available in COM0008, COM0009, COM0010 and COM0015 IRIG-B Lens sensor and optical fiber for arc protection Degree of protection of flush ...

Use the SEL-2595 Teleprotection Terminal to send and receive up to eight relay contacts directly over a pair of optical fibers or through a digital T1 or SONET multiplexer.

The SEL-2505 Remote I/O Module has eight digital inputs, eight digital outputs, and a fiber-optic communications port. Use two optical fibers instead of 32 wires between outdoor or remote ...

The SEL-751 Feeder Protection Relay provides a comprehensive combination of protection, fault-locating features, monitoring, control, and communication in an industrial package.

The SEL-751A is equipped with as many as four independently operated serial ports: one EIA-232 port on the front, one EIA-232 or EIA-485 port on the rear, and one fiber-optic port.

The optional audio-tone protection package is mounted on a 19-inch wide panel, 3.5 inches high (2 rack units) with slotted edge holes for mounting on a standard relay rack or panel.

As an optical digital relay protection tester which meets the requirements of IEC 61850 standard, it provides a complete test scheme for relay protection and automation devices based on this standard.

Our devices cover a wide range of applications and offer features such as slim design, embedded cybersecurity and IoT connectivity. Read frequently asked questions about our universal protection ...

Eaton combines field-proven apparatus and controls by integrating Cooper Power™ series VFI underground distribution switchgear with Schweitzer Engineering Laboratories (SEL) distribution ...
