

Replace the tail fin with fiberglass

9" Futures "Tiller" Box Fin, Volan Clear Fiberglass The Tiller 9" is a modern spin on a classic favorite. Made with Volan fiberglass, this fin offers a unique flex pattern due to higher fiberglass to resin ratio.

One crucial component that often gets overlooked is the fin. A paddle board's fin plays a significant role in its stability, control, and maneuverability. That's why when it comes time to replace your old or ...
