

Ribbon Optical Cable Core Hot Stripping Pliers

Find many great new & used options and get the best deals for Fibre Optic Hot Stripping Pliers Single Core Dual Core Heated 12 Core Ribbon at the best online prices at eBay! Free shipping ...

YT-6 ribbon fiber stripper is a newly developed hand-held thermal stripper, specially designed for nondestructive thermal stripping of the jacket of ribbon cable up to 12 fibers.

The CS-09 is specifically designed for high-density data center and backbone ribbon cable projects, where stripping speed and consistency are critical to maintaining mass fusion splicer workflow ...

Fiber optical thermal stripper M9 is suitable for 1-48 cores, compatible bare fiber/bundle and ribbon fibers, Dual heating mode and 8-level temperature regulation. Automatic heating peeling tool.

Spec Sheet The RS01, RS02, RS03 and RS03-80 Thermal Strippers provide superior stripping performance for both single and multi-fiber stripping. The fast heating time of 3 seconds speeds ...

For different sizes and types of optical fibers or cables, the optical fiber guide frame, optical fiber guide frame fixing parts, and blade kit blades can be replaced.

The fiber stripping tool accepts Fujikura field and factory style fiber holders: FH-40, FH-50 (except FH-50-250 and FH-50-900), FH-60 and FH-100 series. The RS02 hot jacket stripper comes with the ...

Optix America's WRXTS6 Thermal Stripper efficiently removes insulation from fiber optic cables. Fast heating, rechargeable & ergonomic design.

The Yamasaki Ribbon Fiber Stripper simplifies fiber optic cable preparation. Its advanced thermal technology provides consistent results, protecting delicate fibers.

Shinho X-18 Thermal Stripper is a newly developed hand-held thermal stripper, specially designed for nondestructive thermal stripping of the jacket of single fiber and ribbon cable up to 12 fibers.
