

The Cisco 25GBASE-ER Module supports a link length of 40 kilometers on standard Single-Mode Fiber (SMF) G.652 at 25G. The module requires RS-FEC on the host ports for full ...

This fiber optic transceiver is the direct equivalent to Cisco SFP-25G-LR-S for 25Gbps connectivity up to 10km (6.2mi) over LC-terminated Single Mode Fiber (SMF) cable. The optical module has been ...

SFP28 transceiver that supports 25G connections up to 10 km using single-mode fiber with a duplex LC UPC connector.

An industry consortium, 25G Ethernet Consortium, was formed by Arista, Broadcom, Google, Mellanox Technologies and Microsoft in July 2014 to support the specification of single-lane 25 ...

Enhance the networking infrastructure with this MSA-compatible 25GBASE-LR optical transceiver, ensuring reliable performance and seamless connectivity at distances of up to 10km.

Experience reliable 25G data transmission with Innoptical's SFP28 LR transceivers. Reach up to 10km and ensure seamless interoperability for your long distance network requirements.

The Cisco SFP-25G-LR-S compatible SFP28 transceiver provides 25GBase-LR throughput up to 10km over single mode fiber (SMF) using a wavelength of 1310nm via an LC duplex connector. The SFP28 ...

Walsun supports a range of 25G copper cables and optical transceivers compliant to IEEE standards and industry MSAs. Walsun's 25G connectivity solutions include copper cables, ...

This series of products uses a pair of single-mode optical fiber for transmission, with a center wavelength of 1310nm, a distance of up to 30km (without FEC) or 40km (with FEC turned on), and ...

Application: Maximizing fiber capacity by carrying multiple 25G signals on different wavelengths over a single fiber pair. Essential for service provider networks and large enterprises ...

SFP28 transceiver that supports 25G connections up to 10 km using single-mode ...
