

Stripping Techniques for Single-Wire 12-Core Optical Cables

Learn fiber splicing and winding in 5 steps with pro tips on stripping, cleaving, fusion, and sleeve protection. Ensure low-loss, reliable fiber connections.

Good fiber optic stripping techniques in your cable assembly process are crucial. See best practices for how to strip fiber optic cable buffers & jackets.

Do not bend cable more sharply than the minimum recommended bend radius. Do not apply more pulling force to the cable than specified. Do not crush the cable or allow it to kink. Doing so may ...

Mastering fiber optic cable stripping requires practice and attention to detail. By following these guidelines and utilizing the appropriate tools, you can ensure safe and efficient stripping, leading to ...

Stripper tools are available in various forms (see below). They may be tailored to specific fiber and coating types, and use different operating principles (mechanical, thermal, or non-contact methods).

These fiber buffer stripping tools provide a quick, easy, and reliable way to remove the buffer from an optical fiber in preparation for connectorization. A fiber guide and matched blades ensure that the ...

Explore Optical Fiber Stripper types and uses. Learn pro techniques for precise stripping to ensure reliable network performance with top tools.

This guide provides instructions for the Extron Fiber Optic Termination Kit. The kit contains the necessary tools required for an experienced technician to properly terminate LC single or multimode ...

This application note addresses general handling of fibers from NKT Photonics, including how to strip the protective coating, how to cleave the fibers and tips for coupling light to and from the fibers.

Try the convenient Fiber Stripping Kits containing standard handles with interchangeable cutter blade sets and fiber guides to strip most fiber sizes. Or if you prefer, purchase Micro-Strip® tools ...

In this instructional video, Bob Licari, Test Equipment Product Manager, demonstrates a simple way to strip optical fiber. ...more
