

Search Newegg for fiber optic switch. Get fast shipping and top-rated customer service.

Managed and unmanaged Layer 2 and Layer 3 fiber optic Ethernet switches. With 10G SFP+ fiber optic transceiver modules, they meet your highest bandwidth demand.

SFP (Small Form-factor Pluggable) is a compact, hot-pluggable network interface module used to connect network devices (switches, routers, firewalls) to fiber optic or copper cables.

We offer solutions that provide seamless transmission and conversion from Ethernet media to multimode or singlemode fiber. Our Ethernet network switches with fiber ports comes in managed or ...

Discover fiber switches designed for reliable network connectivity. Browse 10G, 2.5G, and gigabit options to expand your bandwidth.

Our ESW-2206 optical fiber switch has 2 fiber optic SFP module ports. It supports dual optical SFP modules and gigabit transmission speeds.

We have a large selection of fiber optic components for your network applications. 10/100Base-TX to 100Base-FX and 1000Base-TX switches are available in many different port variations.

Discover the top 11 fiber optic switch modules for 2026 networking that can elevate your infrastructure--continue reading to find the perfect fit for your needs.

Ideal for seamless integration between fiber and copper-based networks, it features a compact design, easy installation, and high-speed data transfer support across diverse media types, ensuring efficient ...

OmniConverter compact ethernet switches feature one or two fiber ports and up to eight 10/100/1000 copper ports for fiber distance extension to network edge devices. OmniConverter compact switches ...
