

Digicel Tonga Limited is part of Digicel Pacific Limited (DPL), wholly-owned subsidiary of Digicel Group Holdings Limited (DGHL) which operates in 32 markets in the Caribbean, Central America and Pacific.

Tonga's domestic fibre optic telecommunications cable was torn apart by tremendous forces and deeply buried under volcanic debris on the ocean floor. It may take up to a year to fix.

This unique type of cable was manufactured in France for 7 months following the confirmation of order from Tonga and had to be shipped to Samoa, where the cable warehouse is stored.

Tonga Cable Limited (TCL) owns and manages the fibre-optic submarine cable, connecting Tonga to Fiji, which was commissioned in August 2013. The cable cost was around T\$36 million and was ...

Tonga Cable Limited was formed in November 2009, with the approval of the Government of Tonga, to build and manage a submarine fibre optic cable to connect Tonga to an international network service ...

Tonga Cable Limited was formed in November 2009, with approval of Government of Tonga, to build and manage a submarine fibre optic cable to connect Tonga to an international network service.

Tonga Cable System is a submarine fiber-optic cable system connecting Tonga with Fiji, where it connects to other international networks. It is long and was activated in 2013.

Tonga Cable System is a submarine fiber-optic cable system connecting Tonga with Fiji, where it connects to other international networks. It is 827 kilometres (514 mi) long and was activated in 2013. It has cable landing points at Sopo, a suburb of Nukunono in Tonga, and Suva, Fiji. The project was funded by Asian Development Bank and the World Bank. An extension of the cable to Ha'apai and Vavau was commissioned in April 2018.

Commissioned in August 2013 and owned by a consortium that includes Digicel Tonga, Tonga Communications Corporation, and the Government of Tonga itself, it is one of a very small number of ...
